

Consumptive Use Mitigation Grant

Program Overview

November 20, 2025

Webinar Logistics

- Webinar is being recorded.
- Please mute all lines.
- Presentations will run approximately 40 minutes.
- Time for questions & answers after presentations.
- Please use chat function to ask questions.
- Send follow-up questions to:
 - Email: cugrant@srbc.gov
 - Phone: 717-238-0423, Ext. 1017

Welcome & Opening Remarks

Andrew Dehoff
Executive Director

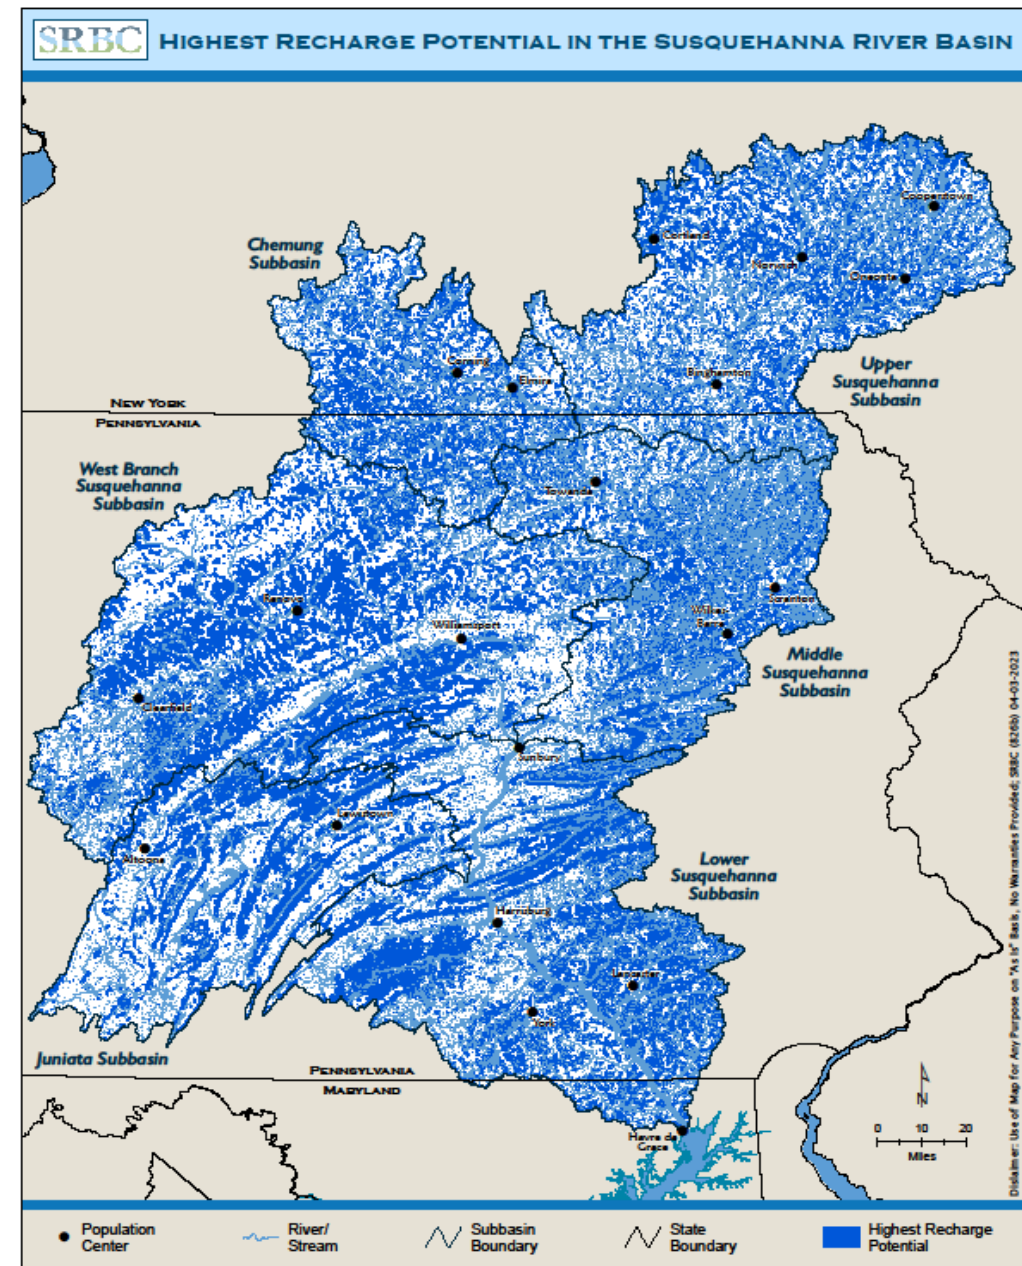

Purpose

- Attract & fund projects that help mitigate consumptive use or otherwise improve drought resilience in the Susquehanna River Basin.

What's New

1. Applications are limited to one per organization.
2. A primary water quantity benefit must be submitted.
3. The Groundwater Replenishment Alternatives (GRAs) project type has replaced the Environmental and Water Quality Alternatives (EWQAs) category.

Eligible Applicants

- Project Sponsors
- Local, State, and Federal Government Entities
- Tax-Exempt Non-Profit Organizations
- Institutions of Higher Education

Eligible Projects

- **Water Supply Alternatives.**
 - Impoundments, quarries, mine pools, interconnections.
- **Project Operation Alternatives.**
 - Conservation releases, aquifer storage & recovery, conjunctive use management, drought response actions.
- **Demand Modification Alternatives.**
 - Water conservation, water reuse, or recycling.
- **Groundwater Replenishment Alternatives.**
 - Groundwater recharge, critical aquifer recharge areas preservation, stormwater management (infiltration).

Example Project: Water Supply

- Billmeyer Quarry, Lancaster County, PA.
- Inactive flooded limestone quarry.
- 425 Mgal of water supply storage for low flow management.
- Public-private partnership.

Example Project: Project Operations

- Public or private reservoir.
- Operations revised to implement low flow augmentation and/or acceptable conservation release.
- More natural flow regime restored in downstream reach.

Example Project: Demand Modification

- Industrial water user with cooling towers.
- Implement water conservation technology to reduce evaporative losses.
- Improved water savings and plume abatement.

Example Project: Groundwater Replenishment

- 100-acre property acquisition.
- 30-acre wetland and riparian buffer restoration.
- Property to be dedicated as state land.
- Multi-agency/conservation group partnership.

Funding

- Total grant funding: \$4M - \$6M.
- Individual project funding: \$100k or more.
- **Minimum cash match: 20%.**
- Grant period of performance: 3 years.

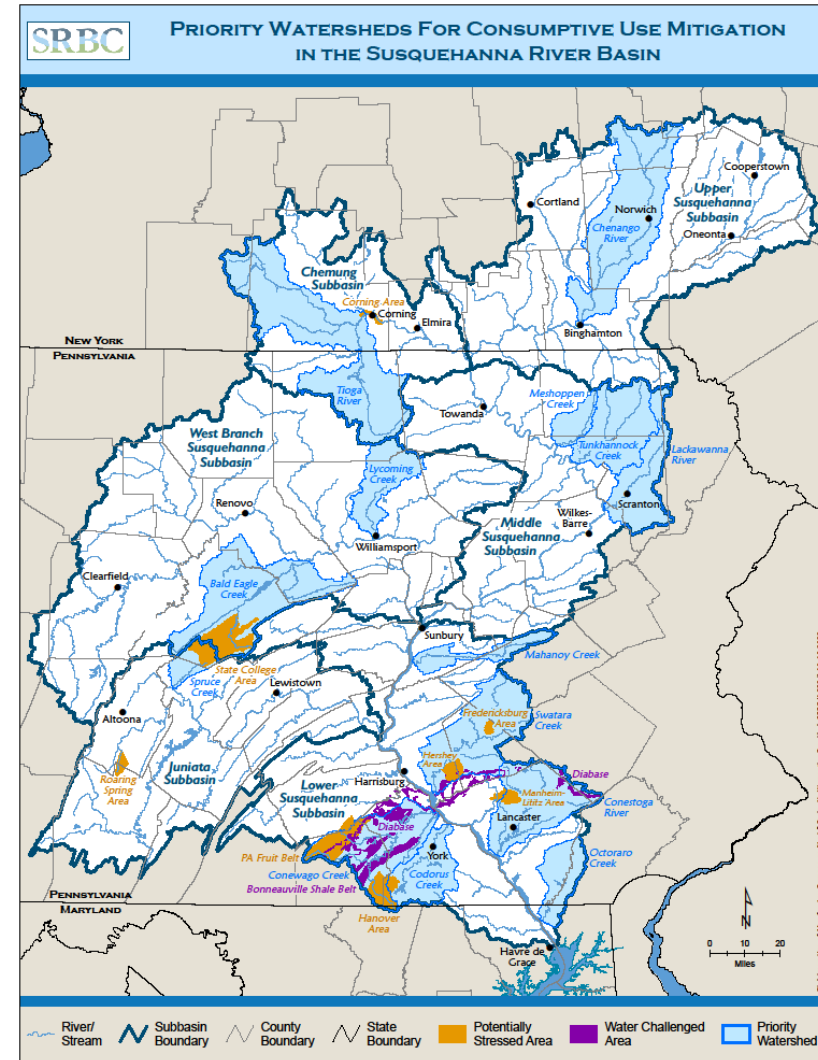

Talen Energy

USACE

Application Reviews

- Determine eligibility & ensure program requirements met.
- Eligible applications reviewed by committee of 8 staff.
- Applications reviewed & scored based on criteria in Guidelines.
 - Purpose & benefits
 - Scope of work
 - Access, permits, and O&M
 - Budget
 - Experience, partners
 - Priority watershed

Schedule

Grant Application Opens:	November 3, 2025
Grant Application Closes:	January 30, 2026
Grant Application Review:	February - March 2026
Grant Awards Announced:	April 2026
Grant Agreements Executed:	July 2026

Grant Application Software

Previously AmpliFund: Now Rebranded to Euna Grants – Powered by AmpliFund

- Euna Solutions acquired AmpliFund last year
- No change to website functionality or layout
- Change from Green to Purple theme
- SRBC will be updating Grantee support documents in the coming months
- Existing Grantee resources still apply – changes are cosmetic

The screenshot displays the Euna Grants application software interface. At the top, the header features the EUNA Grants logo with the tagline "Powered by AmpliFund". Below the header, the main content area is divided into two sections. On the left, there is a "Login" section with fields for "Email" and "Password", a "Remember my email" checkbox, and a "Forgot your password?" link. On the right, the "2026 Consumptive Use Mitigation Grant" section is visible, featuring a "Print" button, a "Help" button, and a "Download" button. Below these buttons, the "Opportunity Information" section provides details about the grant, including the Title, Description, and Awarding Agency Name. At the bottom of the interface, there is a sidebar with a navigation menu containing icons and labels for various sections: Activity, Contacts, Research, Grant Management, Program Management, Fund Management, Project Management, Reports, Documents, Knowledge Center, and Administration. The main content area below the login section displays the "2026 Consumptive Use Mitigation Grant – Application Forms" section, which includes a table of application forms with columns for "Select All" and "Name". The table lists 10 application forms, each with a checkbox in the "Select All" column and a description in the "Name" column.

Select All	Name
<input type="checkbox"/>	2. Applicant Organization Information
<input type="checkbox"/>	3. Project Type and Location
<input type="checkbox"/>	4. Project Purpose and Benefits
<input type="checkbox"/>	5. Project Tasks - Scope of Work
<input type="checkbox"/>	6. Site Access, Permits and O&M
<input type="checkbox"/>	7. Funding Method and Matching Funds
<input type="checkbox"/>	8. Project Partners
<input type="checkbox"/>	9. Applicant Experience
<input type="checkbox"/>	10. Application Attestations

Total Revenue Budget Cost		(\$180,000.00)
Total Overall Budget Cost		\$0.00

- Grant funded amounts need to match your requested amounts. (Blue)
- Grant funding must match the **Expense** and **Revenue** side for the budget to balance.
- Non-grant funding (Green) must be equal in the **Expense** and **Revenue** side of the budget to balance.
- Total budgeted must match requested grant funding and pledged cash match and zero out. (Peach)
