

Broome-Tioga Stormwater Coalition

2025 STORMWATER WINTER TRAINING SERIES

NOV

13

**David Wood, Chesapeake
Stormwater Network**

**1:00 PM - 2:30 PM
THURSDAY | TEAMS**

Best Management Practices and Good Housekeeping

Join a combined session that emphasizes compliance strategies that can be integrated into everyday municipal operations and facility maintenance. Learn how these approaches support MS4 General Permit compliance requirements and protect watershed health.

NOV

20

David Orr, Cornell Local Road Program

**9:00 AM - 10:00 AM
THURSDAY | TEAMS**

Winter Maintenance and Salting Best Practices

This session will provide practical guidance on strategies for road crews, including plowing techniques, best practices for salt application, and equipment calibration. Emphasis will be placed on balancing safety, cost, and environmental protection. Participants will gain insights to improve operations while minimizing the impacts of salt on infrastructure and local waterways.

DEC

04

**John Dunkle, PE, CPESC,
CMS4S Lead Instructor**

**1:00 PM - 2:30 PM
THURSDAY | TEAMS**

Post Construction Stormwater Management Practices

This training provides staff with guidance on maintaining and inspecting SMPs required under MCM 5. Participants learn how to ensure the long-term success of infiltration basins, rain gardens, and underground storage systems. The session will cover how to efficiently document inspections.

DEC

09

NYSDOT Central Office Trainers

**9:00 AM - 12:00 PM
TUESDAY | NYS-DOT REGION 9
112 BARLOW RD, BINGHAMTON**

New York State Department of Transportation: Snow & Ice Training For One Person Plowing

NYSDOT will host a Snow and Ice Operations Training open to all municipalities interested in learning how DOT prepares its crews for winter road maintenance. Attendees will tour the facility, explore state-of-the-art equipment, and learn best practices for recordkeeping. This is a great opportunity to connect with DOT staff who offer year-round technical support for local road crews.

DEC

11

**David Wood, Chesapeake
Stormwater Network**

**1:00 PM - 2:30 PM
THURSDAY | TEAMS**

Illicit Discharge Detection and Elimination

This training helps municipal staff identify and eliminate illicit discharges in storm sewer systems. Participants learn to recognize prohibited flows, document findings, and report under the MS4 Permit. The session focuses on field detection, pollution prevention, and coordination to protect local waterways.

DEC

16

**Wendy Walsh, Tioga County Soil &
Water Conservation District**

**10:00 AM - 2:30 PM
THURSDAY | AT THE
BROOME COUNTY LIBRARY,
DECKER ROOM**

4-Hour Erosion and Sediment Control Training

This training guides staff in inspecting erosion and sediment controls at construction sites. This course is required for certain contractors, subcontractors, consultants, and other qualified individuals who are involved with the implementation of the Stormwater Pollution Prevention Plan.

**THIS TRAINING REQUIRES ADDITIONAL DOCUMENTS TO COMPLETE
REGISTRATION & \$80 FOR NON-MUNICIPAL ATENDEES.**

**REGISTER
HERE**

OPEN TO ALL!

ANNUAL MS4 REQUIRMENT

**TRAINING REQUIRED EVERY 3
YEARS FOR MS4 COMPLIANCE**
