### Consumptive Use Application Summary

**Source Name:** Knoebels Three Ponds Golf Course

**SRBC Pending No.:** 2024-133

This summary is only a portion of the application materials and is meant to provide general information about the proposed project.

#### 1.0 General

This section requests pertinent information related to the consumptive use, and if applicable, out-of-basin diversion application(s) that are being requested.

#### 1.1 Project Sponsor

Company Name: Knoebels Three Ponds Golf Course

Mailing Address Line 1: PO Box 99

Mailing Address Line 2:

City: Elysburg

State: PA

ZIP Code: 17824

#### Contact Person:

First Name: Blair

Last Name: Faust

Title: Director of Resorts

Telephone: 5706729064

Fax:

Mobile: 5702742549

**E-mail:** [blair@knoebels.com](mailto:blair@knoebels.com)

#### 1.4 Requested Consumptive Use Quantity(ies):

The consumptive use should be entered in million gallons per day (mgd) and rounded up to the nearest one thousand gallons (three decimal places). For multiple sources, provide the total quantity for existing and proposed consumptive use, as applicable.

##### 1.4.1 Projected Design Year:

2040

##### 1.4.2 Existing Consumptive Use Quantity

0.16(mgd) ☐ Peak-day ☒ 30-day average

##### 1.4.3 Requested Consumptive Use Quantity

0.249(mgd) ☐ Peak-day ☒ 30-day average

## 2.4 Facility Location

Please enter the address of the parcel where the Project Facility is located.

### 2.4.1 Facility Address

Street Address: 954 State Route 487

State: PA

County: Northumberland

Municipality: Ralpho Township

Zip Code: 17824

### Facility Description for SRBC Application

Knoebels Three Ponds, Inc. owns and operates an 18 Hole Golf Semi-Private Golf Course and a full service restaurant located at 954 State Route 487, Ralpho Township, Northumberland County, Pennsylvania (the Facility). The Facility withdraws water from the main pond located on hole #16 to supply water for the golf course irrigation system. When necessary the pond is replenished with water from Roaring Creek South Branch. The Facility also uses water from a fresh water well to supply the clubhouse and restaurant operation. There is a second well near the equipment maintenance shop that supplies non-potable water used to wash down the said equipment. Water is consumptively used at the Facility for irrigation, restaurant cooking and cleaning, restroom operations, and equipment washing. Consumptive use and water withdrawals at the Facility are highest during main golfing season, which occurs from May through October. During the golf off-season, daily consumptive use and water withdrawals are significantly less. The clubhouse restaurant is a year round operation.
