Requested Consumptive Use Quantity

Project Design Year: 2036

Projected Consumptive Use: 0.099 (mgd)

**Consumptive Water Use
LSC Communications
1375 Harrisburg Pike, Lancaster PA**

LSC Communications, a commercial printing facility, is requesting to renew Commission Approval (SRBC Docket No. 19910702) which authorized the consumptive use of up to 99,999 gallons per day (gpd) of water from City of Lancaster, Bureau of Water, Lancaster, PA.

Because of the discontinuation of groundwater withdrawals from the on-site wells, LSC Communications is providing a renewal application for Consumptive Use of Water under the project category: Approval by Rule Consumptive Use. We are requesting that the approved quantity of 0.099 mgd remains unchanged.

The water will be used for industrial processes to include chiller cooling towers, and evaporative coolers
